 - Animal facts from this biome. (2 points)
 - Plant facts from this biome. (2 points)
 - Extra picture or fact. (1 point)

- **Taiga (15 points possible)**
 - Name of Biome (2 points possible)
 - Picture of Biome (5 points possible)
Several ways you can get this picture:
 - Do your own drawing in KidPix
 - Internet - Copy and Paste Plants & Animals pictures
 - Facts (7 points possible) (Use textbook or Internet links)
 - Name at least three locations in the world. (3 points)
 - Animal facts from this biome. (2 points)
 - Plant facts from this biome. (2 points)
 - Extra picture or fact. (1 point)
- **Tundra (15 points possible)**
 - Name of Biome (2 points possible)
 - Picture of Biome (5 points possible)
Several ways you can get this picture:
 - Do your own drawing in KidPix
 - Use an existing colored background (Nature – Tundra)
 - Internet - Copy and Paste Plant & Animal pictures
 - Facts (7 points possible) (Use textbook or Internet links)
 - Name at least three locations in the world. (3 points)
 - Animal facts from this biome. (2 points)
 - Plant facts from this biome. (2 points)
 - Extra picture or fact. (1 point)

KidPix Tips for this Project:

- Always use the same computer when working on this project.
Row # _____ Computer # _____
- Sign in to KidPix under your own name each time you work on your project.
- Be sure you save each page or slide before you begin a new one.
- When all 7 pages have been created, you are ready to begin making your slide show.
 - Click on the arrow in the bottom right hand corner of your screen.
This takes you to the place you will create your show.
 - Click on box 1; click on the red arrow that shows up right under the 1st box. Choose the page you created for your title page. Then click on boxes 2 – 7 and choose each of the biome pages you created.
 - When you have all seven of your pages in your slide show, click on the floppy disk icon on the right side of your screen. Type in your File Name: "Land Biomes". Then click SAVE.
 - Click on the green arrow to watch your show.
 - You can make changes to the way your show is presented by clicking on the old-fashioned looking camera. You can change the amount of time needed for each slide as well as sound and transitions.
 - Be sure you save your slide show each time you make changes.
- When you are completely finished, save your KidPix show to a floppy disk.
Turn it in to be graded.
