

Lesson Plans for Land Biomes
By Judy Reece
5th Grade
Project using KidPix Software

Day 1

- ❑ Watch BrainPop videos to review Biomes.
- ❑ Pass out worksheets and discuss the project with the students.
 - Have students write down which computer they are using.
- ❑ Show the slide show I created.
- ❑ Review using the KidPix tools.

Day 2

- ❑ Students use same computer.
- ❑ Sign in under their name.
- ❑ Create Title Page – Show how to save it.
- ❑ Show how to multitask between KidPix and Internet. Show links for Biomes information. Demonstrate copy and pasting pictures.
- ❑ Students continue creating slides.

Day 3

- ❑ Students use same computer.
- ❑ Sign in under their name.
- ❑ Students continue creating and saving their pages.

Day 4

- ❑ Demonstrate how to create slide show. Refer them to the KidPix Tips on their worksheet.
- ❑ Students continue working on their project.
- ❑ Last day whole class will work on project. Students turn it in as they complete it.
